Step-UP mentorship has been really helpful in my UPSC preparation, especially in improving my answer writing with my mentor's guidance. I have been able to practice answer writing regularly, and the discussions of my tests with my mentor help me understand where I am going wrong and how I can improve. I can also reach out whenever I have a doubt, and I receive the required guidance whenever needed.

The regular follow-ups have helped me stay accountable and follow my timetable more consistently. They have also helped me become more disciplined and ensure that I am prepearing according to the demands of the syllabus instead of studying randomly.

Overall, the personalized guidance & regular support from my mentor have made my preparation much more structured. I am genuinely grateful for the consistent guidance and support that have helped me make steady progress in my preparation.

I express my heartfelt gratitude to Vajiram & Ravi team & specifically to the team behind the STEP UP Mentorship Program for their invaluable guidance and support throughout the preparation. Preparing for UPSC was feeling overwhelming but the structured approach which was provided in STEPUP made a difference in my journey. Having direct access to my mentor Purnima maam provided me a best platform to resolve doubts & gain clarity in the subject.
The schedules, targets and regular tests enabled me to complete the syllabus systematically. Found feedback on my answers sharpened my presentation skills.
I sincerely appreciate the dedication, patience & encouragement shown by my mentor & entire team.

Thankyou
Warm regards,
Ullas S Gonda

My Experience with Vajiram & Ravi

I enrolled in Vajiram & Ravi's "Step UP Mentorship Programme" under the guidance of Richa Ma'am and my mentor, Gaurav Mittal Sir. This programme helped me qualify Prelims-2026 and understand the actual demand of CSE Mains questions and how to structure answers effectively.

Even after prelims, Vajiram's Free Mains Camp has been extremely helpful for value addition through maps, flowcharts, data, examples etc. and understanding Core and Non-Core demands of questions.

Grateful to Vajiram & Ravi, Richa Ma'am and Gaurav Mittal Sir for their Constant guidance and support.

Thank You, Vajiram & Ravi!

I Joined the mentorship programme in July 2026. There have been key changes in my preparation since then.
The 1-1 sessions with Ms. Purnima have contributed in micro level feedback → sessions of individual test copies, identifying answer writing errors and keeping up with set targets. It has provided me with a guiding figure at each stage of my UPSC preparation, prioritisation directions effort & ensuring timely completion of the syllabus.

Ultimately, it has made me more consistent and confident to be Exam ready.

I recently joined the Step Up Mentorship Program of Vajiram and Ravi. My overall experience with the institution and my Mentors is good till now. Mentors help me in maintaining discipline in my preparation via accountability Calls, Meetings, and Test Discussions. They also provide the required material for revision, etc via workbooks, Smashers, etc. They also ensure timely evaluation of the tests.

Thanks You

Being a part of Vajiram and Ravi Stepup mentorship Programme has truly transformed my UPSC preparation. Before joining, I struggled with consistency but program forced me to follow a disciplined daily schedule and write my prelims and mains tests on time. The current affairs module is easily the best part, giving me a massive edge in tracking issues and directly helping me increase my scores to my previous attempt.

The mentorship support is immensely helpful as my mentor is always available to help me whenever I get stuck. Having someone to guide me through how those and answer my queries anytime took a huge burden off my shoulders. A special mention goes to Ayush Sir whose constant availability and timely guidance kept me on track throughout.

dear Stepup Team

Though my association with Purnima Ma'am has been a shorter one, but the learnings gonna stay longer.

Her calm, composed & forward looking behaviour helped me maintain optimism during my mains journey.

Step up mentorship as a whole provided me microthemes, structured tests and value addition notes that enhanced my prep.

Before joining this program, I was struggling with indecisiveness regarding study schedule, and answer writing. The micro-target timelines given by my experienced mentor kept me from over analyzing the topics. And, instead of getting generic remarks weeks later, the timely detailed critiques on my answers showed me exactly where I was lacking. Getting regular feedback and doing constant course correction improved my answer writing skills and timely completion of study targets.

The StepUp Mentorship 2026 programme was a great help in my UPSC CSE preparation. The regular tests and the course material provided were all of great help in the journey. One of the most important things that my mentor, Ms. Jyothirmai, helped me with was overcoming my fear of answering 'bouncer' Mains questions. She meticulously evaluated all my test papers and gave extremely useful feedback. All of this helped me build the much-needed confidence to face the UPSC CSE. I am grateful to the entire StepUp Mentorship team for their continued support.

StepUp Mentorship 2027 isn't another program

it's 4-layered preparation ecosystem built for serious UPSC aspirants.

- You won't navigate this journey alone or depend on motivational fatigue.
- You'll operate inside a system — one built on structure, accountability, and iteration.
- Because an eternal truth: individuals can fail; systems don't.

You'll work under a personal mentor who tracks your progress, corrects your mistakes, and builds a plan around your strengths, weaknesses, and learning pace. Alongside them, an IAS/IPS/IRS topper serves as your super mentor—reviewing your preparation, correcting your direction, and teaching you how toppers think, write, and execute.

This isn't about "finishing the syllabus."

It's about mastering what UPSC actually rewards — structured thinking, sharp note-making, disciplined revision, analytical depth, and answer writing that looks like it belongs in a DAF, not a notebook.

By the time you face Prelims, Mains, and the Interview, you won't be one more candidate attempting the exam — you'll be someone prepared to dominate it.

Why must you join this StepUp Mentorship Programme 2027?

- Personalised 1-to-1 Mentorship to receive individual guidance tailored to your preparation and performance.
